Sir:

Pursuant to 37 C.F.R. §§ 1.97 and 1.98, and in compliance with 37 C.F.R. § 1.56, the Applicant requests consideration of this Supplemental Information Disclosure Statement.

Information Cited

Applicant hereby makes of record in the above-identified application the patents, publications and other information listed on the attached form PTO-1449. The order of presentation of the references should not be construed as an indication of the importance of the references.

Applicant hereby makes the following information of record in the above-identified application. Applicant brings to the Examiner's attention the existence of a number of applications, most of which correspond (e.g. are priority documents) to the items provided with

the attached PTO Form-1449, which appear to be assigned to The Brigham and Women's Hospital ("The Brigham"). However, Applicant brings to the Examiner's attention U.S. Serial No. 09/092,563 and U.S. Serial No. 09/273, 233 (both of which are assigned to The Brigham) which is not reflected in any patent or publication cited in the attached PTO Form-1449, but which should be made of record in the above-identified application. Although Applicant is aware of the existence of these applications, Applicant is unaware of the contents of these applications because the applications have neither issued nor published. Hence, a copy of such application cannot be provided at this time to the Examiner.

Applicant also brings to the Examiner's attention the existence of Applicant's copending applications:
